WARNING

Comelit Group S.p.A. declines any responsibility for improper use of the apparatus, for modifications made by third parties for any reason or purpose, and for the use of accessories and materials which are not originals.

Attention! In order to reduce the risk of faults and electric shocks:

- Do not open the apparatus or carry out any repairs yourself. If necessary, request the services of qualified personnel.
- Do not insert objects or pour liquids into the device.
- Clean using a damp cloth. Do not use alcohol or other aggressive products.

Description of the door-entry phone and user information.

- 1 Door lock key. Use this key to open the corresponding door lock.
- 2 Audio key/LED. The LED flashes to indicate that a call has been received. Press and release to activate or deactivate conversation with the external unit. The LED illuminates to indicate that a conversation is in progress.
For manual SPEAK/LISTEN mode: when the door-entry phone is in audio mode, press the button to speak and release it to listen.
CAUTION: once the manual SPEAK/LISTEN mode has been activated, it remains active until the next call.
- 3 Key for additional functions (to use it, contact your usual installer).
- 4 Knob for call volume adjustment and Privacy service activation.
The Privacy function disables calls from the external unit and switchboard.
- 5 Loudspeaker volume adjustment knob.
- 6 Red indicator signaling Privacy service active.
